Career Objective

Motivated Electrical and Electronics Engineering student with strong interest in software development and Java programming. Skilled in object-oriented programming, SQL, and problem solving, with hands-on experience in developing technical projects. Seeking an Associate Software Engineer position to apply programming skills, learn new technologies, and contribute to building efficient software solutions.

Education

UG - B.E[Electrical and Electronics Engineering]

Nandha Engineering College. | CGPA: 9.51 [upto 6th semester]

2022–2026

HSC | SRV Girls Higher Secondary School | Percentage: 82.8

2021–2022

SSLC | SRV Girls Higher Secondary School | Percentage: 80.4

2019–2020

Technical Skills

- **Languages:** Java
- **Database:** SQL
- **Development Tools:** Object Oriented Programming, Database Management System
- **Developer Tools:** Git, GitHub, VS Code

Projects

Protecting Banana Tree from Heavy Wind

SEP-2024

- Designed and implemented an Arduino-based automatic protection system for banana trees during heavy winds.
- Integrated an anemometer sensor to continuously monitor and detect wind speed variations.
- Programmed real-time data analysis and control logic to trigger protective actions when wind speed exceeds a threshold.

Automatic Solar Tracking System

JAN-2024

- Designed and implemented an Arduino-based automatic solar tracking system to maximize solar panel efficiency. Integrated LDR sensors to detect sunlight intensity and determine the optimal panel orientation.
- Programmed motor control mechanisms to automatically adjust the solar panel toward the sun's direction in real time.

Internship

- 14-Days INTERNSHIP on **EMBEDDED** at Nxt gen technologies in Erode. [Offline] **JAN-2025**

An Embedded Internship provides practical experience in designing and programming hardware-based systems using microcontrollers, sensors, and embedded software for real-world applications.

Courses and Certifications

NPTEL- Introduction to IOT | **Elite**

OCT- 2024

Achievement & award

- Secured 3rd place in the Nandha Hackathon by leading and coordinating my team effectively.
 - Won 2nd prize in English speech competition in “KAVIGNAR KAMARASAN” event held during School - District Level.
-

Roles and Responsibilities

- Event Management Coordinator of the National Level Symposium for 100+ students in ” SYNECTICS’24 & “SYNECTICS’25” at Nandha Engineering College. **2023 &2024**
- Served as School Communication Secretary for the 3 consecutive years. **2019-2021**
